Primary logos

The logo works best against the black background. This is the primary option.

Logo usage - using the icon

An icon version can be used in isolation in certain applications. For instance, social media or descreet branding where repeating the primary logo would be overkill (i.e. in the footer of every page in a presentation).

Social media

App icon

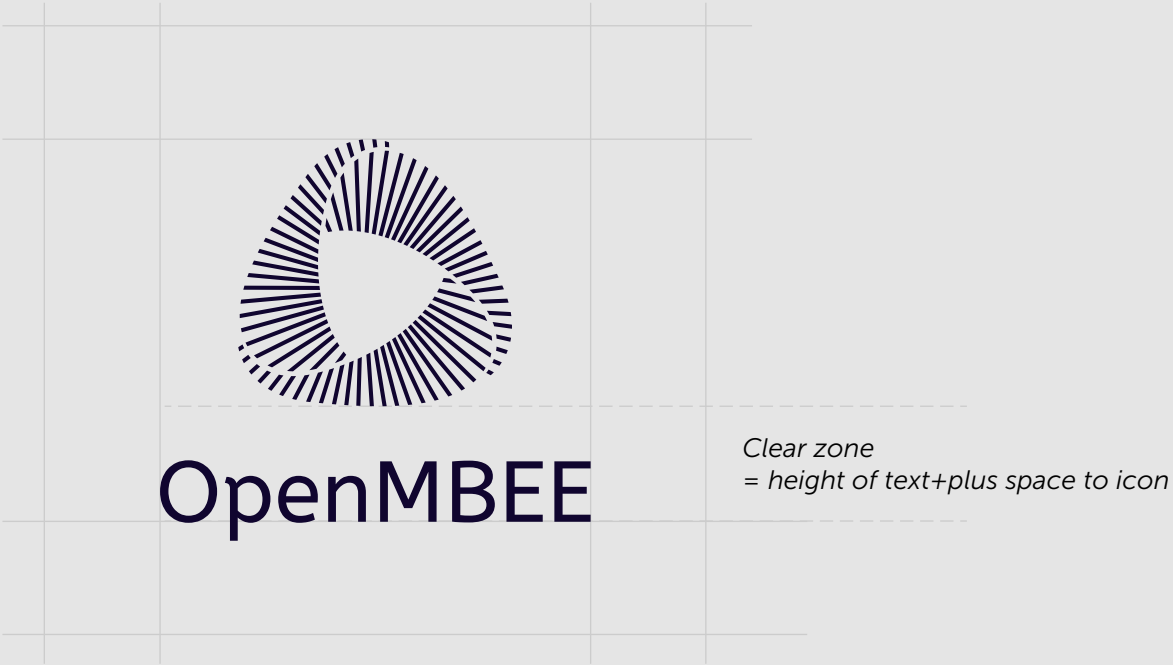

Icon only (light backgrounds)

Logo usage - clear zone

To ensure the logo stands out, a minimum isolation zone is indicatied below:

Primary colours

Dk Blue
100c/90m/65k
R:16 / G:5 / B:47
#10052F

Lt Blue
50c/5y
R:100 / G:221 / B:250
#64DDFA

Grey
14k
R:214 / G:214 / B:214
#D6D6D6

Abeezee Regular

ABCDEFGHIJKLMNOPQRS
TUVWXYZ
adcdefghijklmnopqrstuvwxyz
